

Sandia Group, Inc.
A New Mexico Corporation

3/6/08

Dear Valued Wholesaler,

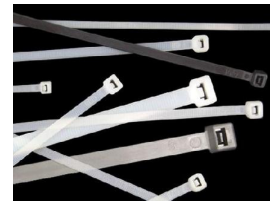

Sandia Group, Inc is proud to announce that NPS Industries has hired us as the exclusive Manufacturer's Representatives for New Mexico and El Paso, TX.

NPS Industries is a family owned business based out of Liberty Hill, TX. NPS is a division of Amifast L.P and has been in the screw and fastener business since 1986. NPS Industries is a supplier of HVAC products to distributors and wholesalers throughout the United States. Their commitment is to provide a great product with outstanding customer service at a very competitive price.

NPS Industries offers a wide range of sizes of hex washer head self piercing and self drilling screws and nails for the HVAC industry. They offer a variety of packaging from bulk boxes, small cardboard boxes, plastic containers, or small quantity plastic bags.

UL181 listed cable ties. These range in size from 8" to 48" in both black and natural colors.

1 3/4" flexible poly webbing duct strap available in both black and silver colors.

We look forward to work ing with you and assisting with anything when it comes to your HVAC and NPS Industries needs.

Sincerely,

Jason May
Sandia Group Manager
